## 6) Leisure Activities - Copenhagen (Places to Visit)

Besides the areas close to the hotel, Copenhagen also offers plenty of other places worth visiting.

*For example<sup>1</sup>:*

- **Tivoli Gardens:** a famous amusement park (and gardens) that offers 20 attractions including a roller coaster, halls of mirrors, pantomime, open-air theaters etc.
- **Christiansborg Palace:** the Danish seat of government (Parliament, the Prime Minister's Office, the Supreme Court; some parts are used by the Royal House) located on the tiny island of Slotsholmen; a large part is open to the public (Picture 7)
- **National Museum** (Danish history and culture) and **National Galleries** (Danish art but also works from around the world) of Denmark
- **Nyhavn Harbor** (=New Haven): in former days, it did not have a good reputation but now it is one of the most charming parts of Copenhagen (see also the picture of the cover page)
- **The Round Tower (Rundetårn):** The tower (Picture 8) was originally built as an observatory which now houses a small collection. It has a platform that can be reached by a wide spiral ramp and from where you have a great panoramic view over the city. Another great attraction is the glass floor (25 meters above the ground).
- **Amalienborg Castle:** originally built for the nobility but taken over by the Royal family after a fire at Christiansborg in 1794
- **Strøget Shopping Mile:** a shopping area consisting of several roads criss-crossing one another with expensive (Prada, etc.) and affordable shops (H&M, etc.)
- **Rosenborg Palace:** originally the home of the Royal family, later their summer retreat and now open for exhibition (houses the Danish crown jewels)
